**Ethno Belek** draws attention with its meeting rooms designed to maximise creativity, concentration and productivity. Making your meetings more effective and inspiring, these special venues offer a unique experience to their guests. Located only **35 minutes** from Antalya Airport, these meeting areas are also preferred for their ease of transportation.

The impressive meeting rooms make your organisations more efficient with their inspiring decorations and comfortable arrangements. The halls, which receive natural light with their large windows, keep the participants energised and motivated. In addition, each section is equipped with modern and high-quality technical equipment. Everything you need for your presentations has been considered; these areas, equipped with details such as sound system, microphones and video conferencing equipment, guarantee that your meetings will go smoothly.

Ethno Belek's services are not limited to this. Internet connection is available to all participants in a high-speed and secure manner. In this way, online presentations and live connections can be carried out uninterruptedly.

In these special meeting areas, there are halls of different sizes and suitable for different purposes. Ideal venues are offered for all kinds of organisations, from small group meetings to large seminars. Each hall can be organised according to the nature of your event and the number of participants. Ergonomic furniture, comfortable seating arrangements and flexible table arrangements meet your every need.

Ethno Belek's meeting rooms are the perfect option for those who want to have a different and impressive experience. The time you spend here will be valuable not only for business but also for personal development. In an environment full of inspiration, you can achieve creative and successful results by increasing your focus and productivity levels.
