

Ready to Explore the World?

Ethno Belek is a holiday paradise that comes to life with the touches of different cultures. This unique venue, which bears the traces of traditional rituals and unique cultures in every corner, offers an unforgettable experience in a mystical atmosphere. With its mesmerising architecture and rich gastronomy, it offers a perfect synthesis of the traditional and the modern.

A blend of music and extraordinary flavours awaits you at Gaia Greek Tavern, Sobremesa Latin American and Lumière Cabaret restaurants, which offer visitors the magical traces of different cultures. Each venue opens the doors of different worlds to its guests by combining the traditional heritage of societies with modern interpretations.

Ethno Belek goes beyond a comfortable stay and promises its guests unique and unforgettable moments. While Casita by Ethno draws attention with its personalised services, Ethno Villa and Forest Villa offer a peaceful space for those who want a holiday in touch with nature. Each place will make your holiday worth a lifetime with its elegance.

Designed for children, Ethno Kiddo takes entertainment one step further in a huge 8000 m² area. It offers creative activities such as lego playground, climbing wall, chef academy and art workshops indoors, and adventurous activities such as trampoline areas, aquapark and zipline outdoors.
