A Brand New Mediterranean Culture

The story of a brand new Mediterranean Culture

Imagine the enchantment of the Mediterranean. Or how spiceful life is in southern Italy. Prepare yourself for a mysterious journey down a side street that leads to the sea in Byblos. Or surrender to the seductiveness of Latin America. This is where all the "ors" and "ands" become one. This is Bel Paese... This is Pura Vida... Imagine a world map tailored just for you, where differences turn into richness and be ready for an unforgettable experience on this map.

Think of getting lost in endless sparkling entertainment... Or simply being in the moment, listening only to your inner voice, focusing on the sea, the sun, and nature... Surrounded by stunning brands and venues that engage all your senses. This is where a Cannes night turns into a Banwa morning. Imagine a tailor made map of mysteries, and be ready for a brand new experience where the unfamiliar becomes surprises.

For those who surrender themselves to a fairy tale... For those who leave everything they know behind... For those who savor the unhurried pace and find peace in the flow... Those who create their own exclusive community on a beach around a fire, in the notes of a song rising from the stage, at an evening dinner gathering, in a rejuvenating SPA pool, and in the laughter of children whose joy is evident in their eyes... Be ready for an experience in a world tailored just for you, with people who share your desires for today and that you'll always want to remember.

Different cultures, different identities, different worlds, and different dreams together, here, as one... it's all in Ethno's DNA. And the impact they will have on your life together is unique!

ETHNO CULTURE

To be aware of every benefit that nature provides to human beings and to strive to keep it alive.

We are committed to preserving the values and rituals of the past. We call it Ethno Culture.

ETHNO PEOPLE /

Ethno people are natural, calm, self-confident, original, love to keep life alive, loyal to their values, creators of pleasant moments.

We define those who are open to change, seeking a lifestyle beyond ordinary rituals, embracing all the colors of the world, open to new thrills, adventures, and explorations, embracing differences, connected to all communities, and nourishing their minds with art and science as Ethno People.

ETHNO STORIES /

Quality life is measured by the values given to moments. It is those moments that make life valuable. Ethno People is a community that has the power to create its own special moments and live these moments with pleasure.

We call the moments that Ethno People create and utilise with their own power Ethno Stories.

ETHNO LUXURY

According to Ethno Luxury, “luxury” is not a concept that can be measured with money.

It is the most precious luxury for us to protect our original life and core values and to enjoy the moment in the best way.

At Ethno, we offer a luxury that is good for the human soul, not a luxury that consumes the planet.

ETHNO ARTS

Ethno Arts is one of the most important concepts that unites people who carry the Ethno spirit all over the world and makes them a community.

To this end, Ethno makes art an integral part of its living spaces. Beyond the holiday experience, it aims to bring people together, unleash their creative powers and make art a part of Ethno culture.

ETHNO TALKS

Everyone who has adopted and assimilated the ethno culture in their nature and looks at life from that perspective is an ambassador for us. We care about their sharing and provide an environment for their ideas to spread.

We call these environments Ethno Talks.

ETHNO GATHERINGS

At Ethno, we feed on active participation and creativity, not passive consumption.

For this reason, we organise events where our guests can be creative and active through different experiences. We call these Ethno Gatherings.

ETHOS

We define the uniqueness and quality of the entire experience of the guests, from the approach of the staff to gastronomy, from the understanding of entertainment to other services provided, as Ethos. The main purpose of this character is to convey the Ethno spirit to the person it touches.
